ped the 6th order, showing a White Light
52° E. round by East to N. 68° E.
The light pillar will be situated on the hill to
the north of the harbour about 400 yards in
the distance from the entrance of the har-
bour, and will be 38 feet from base to top,
the light will be elevated 142 feet above the
ground and should be visible in clear weather at a
distance of 10 nautical miles.

The pillar and lantern will be painted white.

LOW LIGHT.
Illuminating apparatus will be fixed, dip-
ped the 6th order, showing a green light

since Beacon for 1888) and will be situated
in the garden N. 82° W. from the Red Post. It
will be 45 feet in height from its base at 3 feet
to its crown, and the light will be 33 feet
high water. In other weather it should be
in the water the water at a distance of 5
feet from the tower and lantern will be painted white.
The bearings are magnetic and taken from
the shore.

The bar is subject to occasional changes owing
to shoals, but the two lights, when kept in con-
stant view will indicate the best channel for crossing
the bar is in its present state.

BEACON.

The Southern bar buoy, painted red, will be
about two cables in a southerly direction
from its present position to bring it within the
range of the low light, and will be moored in
the water at low water spring tide. The North-
ern buoy, painted black, will be moved about
a cable to the Northward of its present
position and will be moored in 32 feet.
